THE VALUATION

Resident and Non-Resident

OF THE

Town of Hampton Falls

New Hampshire

Assessed April 1

1957

Published by Vote of the Town

INTRODUCTION

The individual valuation, in general, has not increased over the past few years: 1952-1957.

Each year, however, the taxpayer has noted that his tax bill is larger.

A review of town reports for the above period will indicate that the amounts required to operate the town, exclusive of schools, has increased only about 28% as compared to an increase of 81% to operate our schools.

While we all want our children to have an adequate education we must realize that most of our revenue is gained from taxes on residential property only and, therefore, our ability to expand our educational system is limited.

The Selectmen respectfully call to your attention the fact that in 1957 for each $1,652.00 which you appropriated in school and town meetings $1.00 was added to the tax rate.

It would appear from our 1958 school and town budget figures that we will have an increase in our tax rate over last year unless we are willing to curtail some of our spending.

ROBERT G. PERFECT,
GEORGE W. POND,
EARLE A. WOODWARD,
Selectmen.
